

GLOBELINK UNIEXCO, S.L.
International Cargo Wholesalers (NVOCC)

STARTS SEASON 2021/2022 **BROWN MARMORATED STINK BUG**

AUSTRALIA & NEW ZEALAND

Both countries **Australia & New Zealand**, start every year new season for the control & extermination of the Stink Bug, that affects all cargoes under maritime transport.

BMS	STARTS	ENDS
Australia	ETD/Origin Sep 01/2021	ETA/Australia May 31/2022
New Zealand	ETD/Origin Sep 01/2021	ETA/New Zealand Apr 30/2022

We also inform you that for LCL maritime consolidation Service it is also subject under this regulation.

- **Australia allows detecting by type of HS CODE which cargo is affected.**
- **New Zealand allows the detection of merchandise subject to the BMS regulations by the type of cargo subject to case by case.**

Do not hesitate to contact us if your cargo or goods is affected, and we will inform you of the procedures to comply with the regulations in both countries.
